MEMORANDUM FOR: Deputy Director of Central Intelligence
FROM: Director of Central Intelligence
SUBJECT: DCI Committees

1. There are some good ideas for improving the job we do in the responses to the queries I put out to the Committees in the Community and the CIA.
2. Good examples are these from the Technology Transfer and the Economic Committees.
3. We've already taken steps to make fuller use of Critical Intelligence and WSSIC.
4. Generally, I believe that setting a shorter time frame on assignments and centering work in small subcommittees made up of specially qualified people will almost always get more out of a committee.
5. Some of the committees might best be terminated. You might run through the responses I got and we'll talk about further action in January.
